# HELP!!!

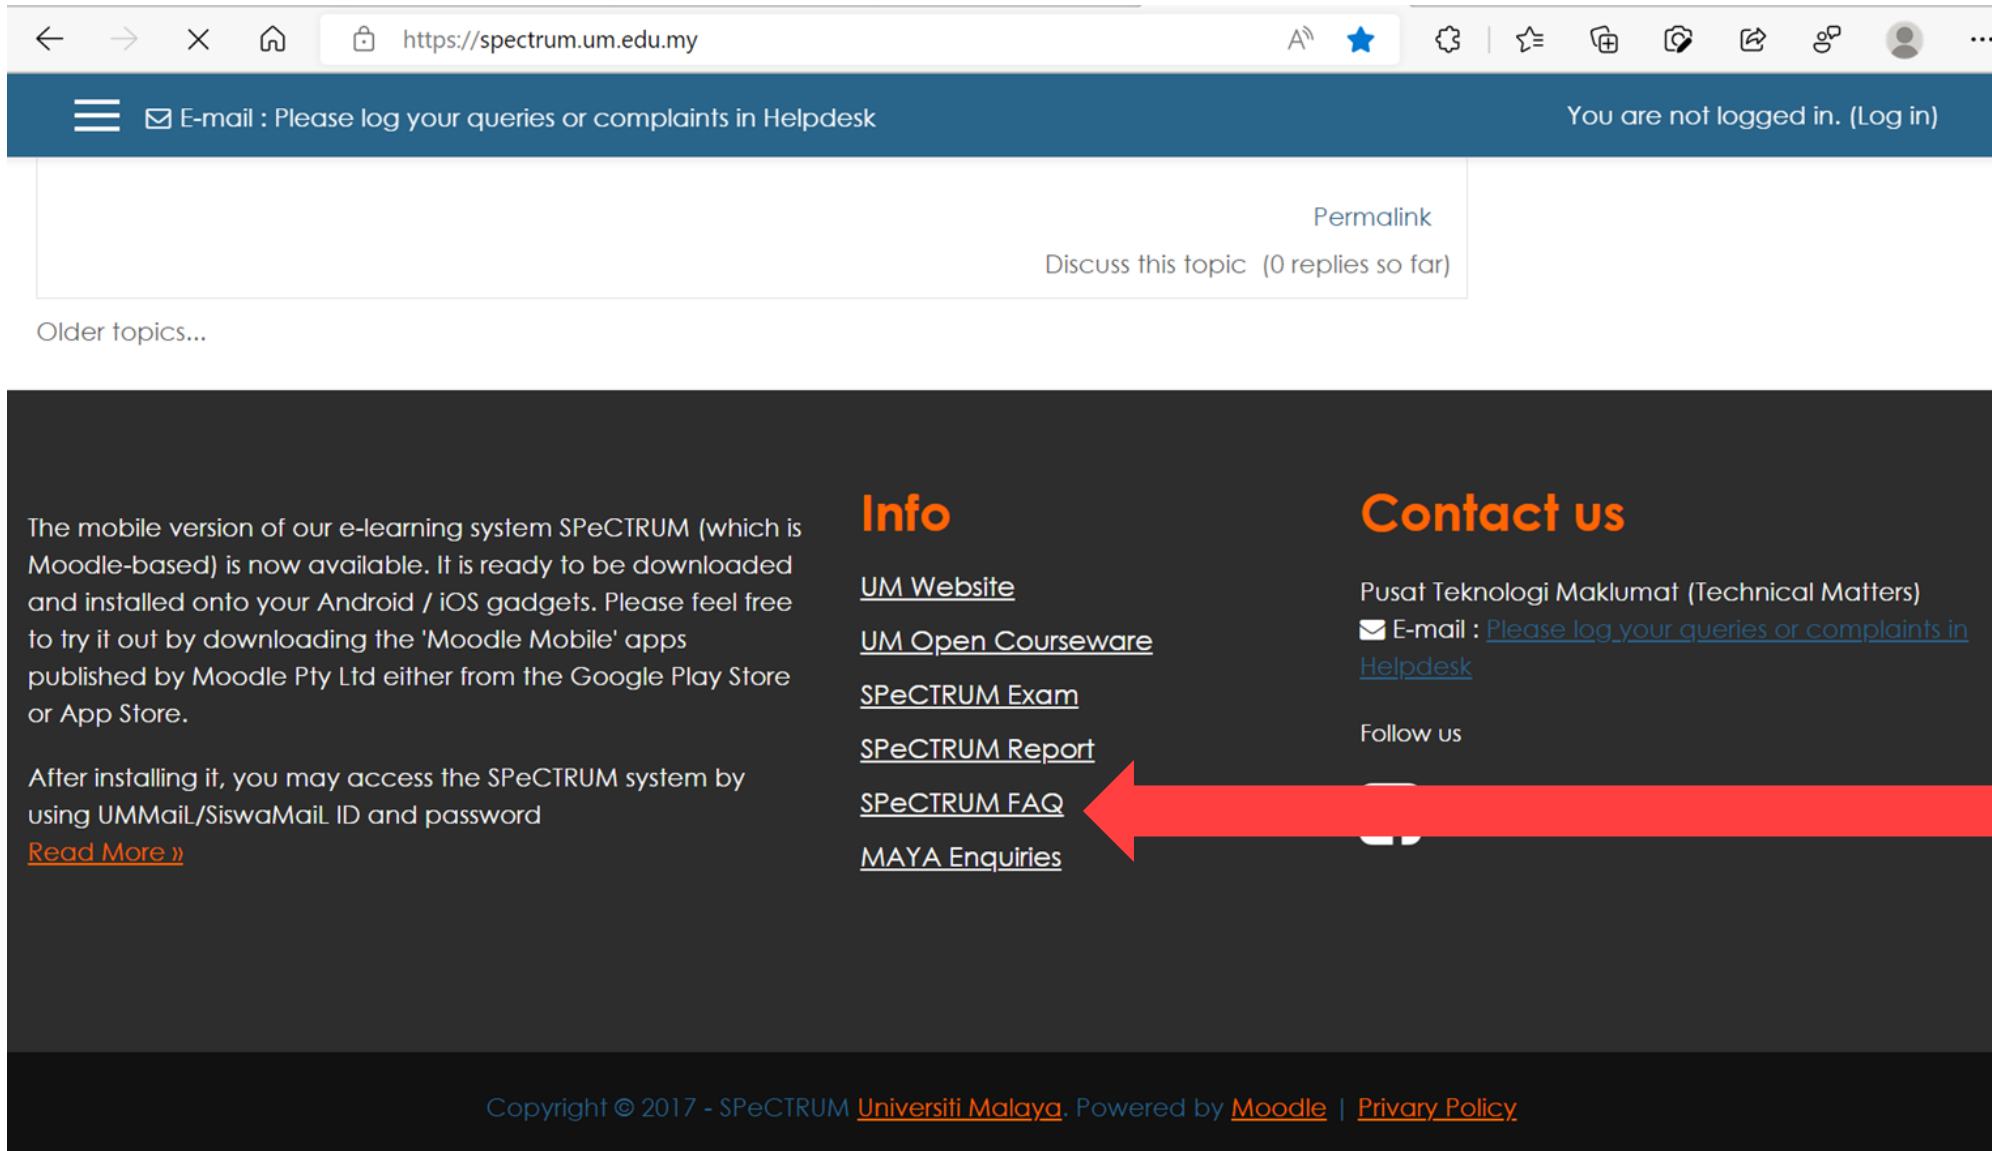

Almost all university applications, including teaching and learning (T&L)-related systems are integrated with SPeCTRUM.

If things go wrong with your access to SPeCTRUM, it is likely that there is an issue with your **module registration** / **timetabling** / **payment** in your student information system (UMSIItS) or MAYA.

In this event, please read the FAQ for answers and lodge a helpdesk request through [helpdesk.um.edu.my](https://helpdesk.um.edu.my)

The screenshot shows a web browser window with the URL <https://spectrum.um.edu.my>. The page features a dark blue header with navigation icons and a message: "E-mail : Please log your queries or complaints in Helpdesk". A secondary message on the right says "You are not logged in. (Log in)". Below the header, there is a section for a discussion topic with a "Permalink" and "Discuss this topic (0 replies so far)". A link for "Older topics..." is also visible.

### Redesigning learning: facilitating life long learning for future professionals

The pedagogical model for the future is being explored in this course, hence you will not be 'taught' in the traditional sense as what you see in movies and TV shows. Please be prepared to learn as I will be facilitating your learning process during the contact sessions.
